

Discontinuation Announcement

With this document we (PTC) inform you about the planned discontinuation of the following features, 3rd party tool versions and execution environment versions with the release of Pure Variants 2027.0 planned for April 2027.

Please raise any questions and objections regarding the discontinuation announcement via the [Pure Variants support](#)*.

**All customers with an active Pure Variants subscription or a Pure Variants Enterprise perpetual license under active maintenance are eligible for the Pure Variants support service.*
