

Jon Stevenson

Executive Vice President, Chief Product Officer

Jon Stevenson is Executive Vice President, Chief Product Officer at PTC, where he is responsible for the strategy, development, and delivery of PTC's Digital Thread product portfolio.

Jon brings more than three decades of experience in product development, engineering leadership, and technology innovation across the CAD, PLM, AI, and SaaS domains. He previously held executive roles at Stratasys and GrabCAD and has more recently served as a board member, advisor, and investor to a variety of product development, SaaS, and AI-focused companies, including AllSpice, SimScale, Duro, nTopology, and Vention. He previously served as a Vice President in PTC's R&D Group and as the Executive Vice President of PTC's CAD business unit.

Jon holds a B.S. in Mechanical Engineering from the University of Delaware and an M.S. in Mechanical Engineering from California State University.
