

## Dave Duncan

Vice President, Sustainability

Dave Duncan is VP of Sustainability at PTC. He is responsible for developing the right sustainability capabilities and integrations in PTC's product portfolio to help customers more sustainably design, manufacture, and service products to reduce their footprints. He is also responsible for reducing PTC's corporate footprint and ensuring environmental improvements are aligned with financial goals.

Prior to PTC, Dave held various product leadership roles at Servigistics, Kaidara, GE Healthcare, and JD Edwards. Dave holds a Bachelor of Science in Civil Engineering and Operations Research from Princeton University and received a Blended Professional Certificate: Chief Sustainability Officer from MIT.
