## VALUABLE RESOURCES ARE UNDERSERVED

 A Forrester study found that
 77% of frontline workers say they
 don't have access to
 the technology they
 need to be
 productive.

## **VUFORIA AUGMENTS THE PHYSICAL WORLD**

#### DIGITAL THREAD

Connect workers, information and machines to improve collaboration and productivity

The Digital Thread enables teams to integrate AR into existing software systems along the entire product life cycle.

## HOW DIGITAL AUGMENTS PHYSICAL

Recognizes

Virtualizes

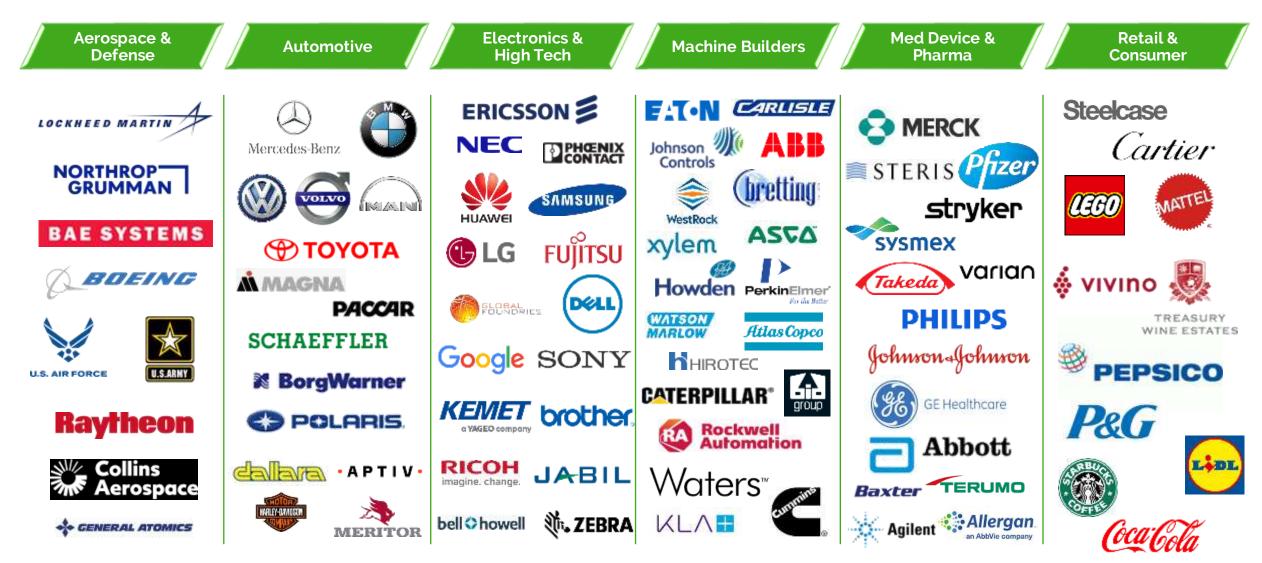

## **BROAD RANGE OF ENTERPRISE AR CUSTOMERS**

## **AR UNLEASHES OPPORTUNITY ACROSS THE ENTERPRISE** A seamless data and model centric workflow that enables data driven **Customer Operations** decisions to be made throughout the product lifecycle Service Optimization Manufacturing Efficiency DIGITAL THREAD Engineering Excellence Sales and Marketing

#### WORKFORCE EFFICIENCY IN THE DIGITAL TRANSFORMATION

#### **Challenge for Manufacturers**

77% of frontline workers say that they don't have the right tools to be more productive. Manufacturers are challenged with increasing complexity, skills gap and the macro impact of uncertainty in the markets.

#### **Digitization of Work Instructions**

Vuforia makes frontline work more efficient with **AR Work Instructions –** automatically sourced from existing 3D product data. Vuforia provides a modern work environment and accelerates knowledge transfer.

#### **Discrete Manufacturing**

#### Efficiency at Scale

AR Work Instructions reduce complexity and improve quality through visual step-by-step guidance in the worker's field-of-view. Authors source existing product data from CAD and PLM to build AR Work Instructions at scale

#### **Process Manufacturing**

#### **Tier 1 Automotive** suppliers

#### Core Use Case: End Of Line Inspection

#### **Business Value:**

**MAGNA** 

Reduce # of human errors and therefore return campaigns, accelerate quality processes

DENSO

#### Automotive OEM / **Heavy Equipment**

#### Core Use Case:

Component Locator and Service Instructions

#### **Business Value:**

OTOYOTA (P)

Reduce search times and increase first-time fix rates to increase service quality

VOLVO

TOYOTA

#### Machine Builders / **Industrial Equipment**

#### Core Use Case:

- Machine Operations
- Customer Self Service

#### **Business Value:**

Accelerate onboarding and simplify instructions to avoid downtimes

#### Automatic HARPAK ULMA

#### Medical Devices / **Pump Manufactures**

#### Core Use Case: Product Familiarization

#### **Business Value:**

Howden

Eliminate/reduce need for expert/technician travel to operate, maintain or repair

sysmex

#### Pharma

#### Core Use Case:

- Line change over
- Line clearance

#### **Business Value:**

Speed up line change over and line clearance time to impact topline

## THE 3 VUFORIA PILLARS FOR CUSTOMER VALUE

Content at Scale through Connectivity

- Automatically source existing product data from CAD and PLM
- Provide AR Work Instructions at scale
   to improve workforce efficiency
- Digital Thread as "single source of data truth" for manufacturing and service

#### Differentiated Value through Technology

- PTC's Computer Vision technology used by 1M+ creators and users
- Converging AR and AI to automate and improve visual workflows
- GPT-like AR Work Instruction providing the right guidance based on situation

#### Accelerated Growth through SaaS

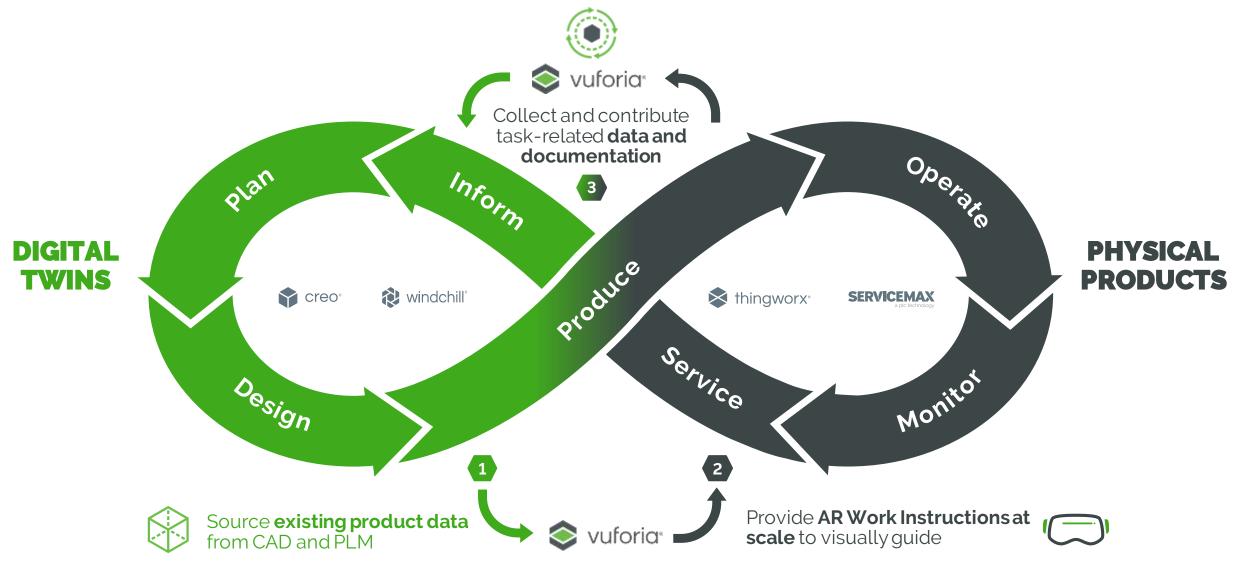

- Easy-to-deploy AR solutions with real-time collaboration for fast user adoption
- Enable frontline workers to build their own instructions and share expertise
- Always updated, pain-free work tools device and hardware agnostic

### ANALYSTS RECOGNIZE AUGMENTED REALITY LEADERSHIP 💲 vuforia<sup>®</sup>

\* All chart images are enlarged for clarity. See the full analyst reports on our website: https://www.ptc.com/en

## AUGMENTED REALITY IN THE DIGITAL THREAD

## **VOLVO – GUIDING WORKERS FASTER**

#### How Vuforia helps Volvo:

- AR helps to improve service and training of workshop technicians
- Training time reduced by 60% through visualization of hidden components
- \$1,000s saved per service station
- Product data sourced from CAD and PLM and leveraged for service, inspection and training
- Attend the case study today
   a 1:55 pm Room 204

VOLV	7 O RENAULT	MAEK	8
EMERGENCY RESPONSE GUIDE Welcome to the Emergency Response guide app for Volvo Trucks, Renault Trucks and Mack Trucks. To get information about a particular truck model, please input the vehicle's license plate number below:			
Q	Enter VIN number, license plate or Chassi	is ID	
	or choose by brand and mo		
Acknowledgment	Language Sup	oport Disclaimer	

## PACCAR – PRODUCT DATA FOR SERVICE INSTRUCTIONS

#### How Vuforia helps PACCAR:

- AR helps to ensure customer uptime and improves firsttime fix rates
- AR makes it efficient for technicians to find and understand wiring schematics
- Before on 46 paper pages, now easily accessible in AR
- Schematic maps sourced from PLM as part of the Digital Thread

# We identified savings of 20 mins per service, and this can go up to 24 hours.

David Yen, AR Tech Product Manager, Peterbilt (PACCAR)

## IMPROVE QUALITY CONTROL WITH OUR AI-ENHANCED VISUAL INSPECTION

**QUALITY ISSUE DETECTED** 

**REPORT FAILURE** 

**GET INSTRUCTIONS** 

#### **EFFICIENT VISUAL INSPECTION**

- Naked eye quality inspections, deciding within a few seconds, is a challenge without the right tool.
- Step Check makes inspections more efficient by reducing the risk of error and avoiding unnecessary rework.
- Customers benefit from AI-enhanced inspection solution through higher quality and customer satisfaction.

#### **AI-ENHANCED VISUAL GUIDE**

- Easier to work by **avoiding manual comparison** of objects with documentation what you see is what you get.
- Automatically warns workers on potentially wrong pass/fail decision using AI-based quality checks.
- Learns from and with the worker during daily work for continuous improvement of the inspection.

STEP CHECK AI-ENHANCED VISUAL INSPECTION

#### WHY STEP CHECK

- No expert knowledge needed to create inspection checks with Al
- Automated generation of Al training data to improve inspection quality
- Higher accuracy combining CADbased object recognition and Al compared to pure geometrybased checks

## MERCK – VUFORIA MAKES WORK MORE EFFICIENT

#### How Vuforia helps Merck:

- Productivity
  - Standardized, contextualized information in real-time for workers
  - minimize human error, and
  - ensure consistent execution

#### Training

- Easy-to-understand, digitized stepby-step training guides help with
- upskilling workers to ensure high quality
- reducing intervention and interruption of trainers
- Attend the Merck case study today (a) 2:50 pm Room 206

## SCHAEFFLER – TRAINING CAPTURED ON-THE-JOB

#### How Vuforia helps Schaeffler:

- Expert Capture makes AR roll-out easier and lowers cost through SaaS
- Significantly reduced time to create worker trainings
- Tool is self-explaining with quick onboarding for new users
- Workers highlight the easeof-use in their daily work
- Attend the session Weds 10:15am Room 210C
