Mathcad API in Action Registrations

Webinar

Registrations are open for our next webinar: this time it's about the Mathcad API! Acquire practical insights as you connect and automate Mathcad Prime with our presenter combo: a technical overview so you understand how the API works, and demos you can download that show the API in practice.

Mathcad Community Challenge September 2026: Valencian Towers SOLVED!

Solved Challenge

PTC Community members stepped up with impressive Mathcad Prime worksheets analyzing the medieval towers in Valencia. Read their methods and solutions that showcase Mathcad's power in civil engineering and beyond.

Making Mozart Minuets with Mathcad

Blog

Did you know that you can create music with Mathcad Prime… and it actually sounds good? Dave Martin documents his learning process featuring built-in Mathcad functions and advanced scripted controls. Download his files so you can generate your own minuets, too.

Combine math & music

Mathcad Maintenance Releases Blog Updated

Blog

Following last month's release of Mathcad Prime 12.0.1.0, we've enhanced our maintenance releases article with more information on the kinds of updates present, and how you can be notified right from PTC Support as soon as a new release is available for download.
